

ANIMAL, VOLUME 3 - ISSUE 02

Analysis of feed intake and energy balance of high-yielding first lactating Holstein cows with fixed and random regression models
H. Hüttmann and E. Stamer and W. Junge and G. Thaller and E. Kalm

[animal, Volume 3, Issue 02, pp 181-188](#)

doi: 10.1017/S175173110800325X, Published online by Cambridge University Press 16 Oct 2008

Effects of the Texel muscling quantitative trait locus on carcass traits in crossbred lambs

J. M. Macfarlane and N. R. Lambe and S. C. Bishop and O. Matika and E. Rius-Vilarrasa and K. A. McLean and W. Haresign and B. T. Wolf and R. J. McLaren and L. Bünger

[animal, Volume 3, Issue 02, pp 189-199](#)

doi: 10.1017/S175173110800356X, Published online by Cambridge University Press 19 Nov 2008

Nutritional properties of potato protein concentrate compared with soybean meal as the main protein source in feed for the double-muscled Belgian Blue bull

E. Froidmont and B. Wathélet and R. Oger and J. M. Romnée and A. Colinet and D. Cloet and M. Didelez and J. C. Pichon and C. Boudry and G.

[animal, Volume 3, Issue 02, pp 200-208](#)

doi: 10.1017/S1751731108003200, Published online by Cambridge University Press 08 Oct 2008

Effects of dietary chromium supplementation on glucose tolerance and primary antibody response against peste des petits ruminants in dwarf Bengal goats (*Capra hircus*)

S. Haldar and S. Mondal and S. Samanta and T. K. Ghosh

[animal, Volume 3, Issue 02, pp 209-217](#)

doi: 10.1017/S1751731108003418, Published online by Cambridge University Press 15 Oct 2008

Effect of particle size of alfalfa hay and reconstitution with water on intake, digestion and milk production in Holstein dairy cows

A. Teimouri Yansari and R. Primohammadi

[animal, Volume 3, Issue 02, pp 218-227](#)

doi: 10.1017/S1751731108003546, Published online by Cambridge University Press 19 Nov 2008

Nutrition-induced differences in body composition, compensatory growth and endocrine status in growing pigs,

H. R. Martínez-Ramírez and E. A. Jeaurond and C. F. M. de Lange

[animal, Volume 3, Issue 02, pp 228-236](#)

doi: 10.1017/S1751731108003492, Published online by Cambridge University Press 20 Nov 2008

Different rates of glycolysis affect glycolytic activities and protein properties in turkey breast muscle

S. Eadmusik and C. Molette and H. Rémygnon and X. Fernandez

[animal, Volume 3, Issue 02, pp 237-243](#)

doi: 10.1017/S1751731108003327, Published online by Cambridge University Press 15 Oct 2008

Comparison of cloned and non-cloned Holstein heifers in muscle contractile and metabolic characteristics

C. Jurie and B. Picard and Y. Heyman and I. Cassar-Malek and P. Chavatte-Palmer and C. Richard and J. F. Hocquette

[animal, Volume 3, Issue 02, pp 244-250](#)

doi: 10.1017/S1751731108003406, Published online by Cambridge University Press 16 Oct 2008

Responses of North American and New Zealand strains of Holstein–Friesian dairy cattle to homeostatic challenges during early and mid-lactation

J. Patton and J. J. Murphy and F. P. O'Mara and S. T. Butler

[animal, Volume 3, Issue 02, pp 251-260](#)

doi: 10.1017/S175173110800342X, Published online by Cambridge University Press 22 Oct 2008

Mucuna pruriens seed powder feeding influences reproductive conditions and development in Japanese quail *Coturnix coturnix japonica*

S. K. Prasad and T. N. Qureshi and S. Qureshi

[animal, Volume 3, Issue 02, pp 261-268](#)

doi: 10.1017/S175173110800339X, Published online by Cambridge University Press 28 Oct 2008

Evaluation of swine fertilisation medium (SFM) efficiency in preserving spermatozoa quality during long-term storage in comparison to four commercial swine extenders

P. Fantinati and A. Zannoni and C. Bernardini and M. Forni and A. Tattini and E. Seren and M. L. Bacci

[animal, Volume 3, Issue 02, pp 269-274](#)

doi: 10.1017/S1751731108003443, Published online by Cambridge University Press 28 Oct 2008

ANIMAL, VOLUME 3 - ISSUE 02

Cholecystokinin-dependent selective inhibitory effect on 'minute rhythm' in the ovine small intestine
K. W. Romaski

[animal, Volume 3, Issue 02, pp 275-286](#)

doi: 10.1017/S1751731108003388, Published online by Cambridge University Press 19 Nov 2008

Necropsy survey of gastric ulcers in a population of aged donkeys: prevalence, lesion description and risk factors
F. A. Burden and J. Gallagher and A. K. Thiemann and A. F. Trawford

[animal, Volume 3, Issue 02, pp 287-293](#)

doi: 10.1017/S1751731108003480, Published online by Cambridge University Press 30 Oct 2008

Differential effects of undernutrition during pregnancy on the behaviour of does and their kids at parturition and on the establishment of mutual recognition

A. Terrazas and V. Robledo and N. Serafín and R. Soto and H. Hernández and P. Poindron

[animal, Volume 3, Issue 02, pp 294-306](#)

doi: 10.1017/S1751731108003558, Published online by Cambridge University Press 19 Nov 2008

Toward a new practical energy evaluation system for dairy cows

B. J. Tolkamp and I. Kyriazakis

[animal, Volume 3, Issue 02, pp 307-314](#)

doi: 10.1017/S1751731108003431, Published online by Cambridge University Press 15 Oct 2008

Economic impact of clinical mastitis in a dairy herd assessed by stochastic simulation using different methods to model yield losses

C. Hagnestam-Nielsen and S. Østergaard

[animal, Volume 3, Issue 02, pp 315-328](#)

doi: 10.1017/S1751731108003352, Published online by Cambridge University Press 23 Oct 2008
