Genetic correlations between production and semen traits in pig
J. Wolf

Genetic parameters of a biological lactation model: early lactation and secretion rate traits of dairy heifers
G. E. Pollott

The pig model in brain imaging and neurosurgery

Phyto-oestrogens in herbage and milk from cows grazing white clover, red clover, lucerne or chicory-rich pastures
C. Andersen and T. S. Nielsen and S. Purup and T. Kristensen and J. Eriksen and K. Seegaard and J. Sørensen and X. C. Fretté

Random regression models for genetic evaluation of clinical mastitis in dairy cattle
E. Carlén and K. Grandinson and U. Emanuelson and E. Strandberg

Assessing the welfare challenges to out-wintered pregnant suckler cows
C. A. Morgan and K. McIlvaney and C. M. Dwyer and A. B. Lawrence

A pre-partum lift in ewe nutrition from a high-energy lick or maize or by grazing Lotus uliginosus pasture, increases colostrum production and lamb survival
G. E. Banchero and G. Quintans and D. R. Lindsay and J. T. B. Milton

Mortality in Holstein-Friesian calves and replacement heifers, in relation to body weight and IGF-I concentration, on 19 farms in England
J. S. Brickell and M. M. McGowan and D. U. Pfeiffer and D. C. Wathes

Effects of protein and energy supplementation on growth, forage intake, forage digestion and nitrogen balance in meat goat kids
J. M. Patterson and B. D. Lambert and J. P. Muir and A. P. Foote

Modelling the variation in performance of a population of growing pig as affected by lysine supply and feeding strategy
L. Brossard and J.-Y. Dourmad and J. Rivest and J. van Milgen

Modulation of porcine cytochrome P450 enzyme activities by surgical castration and immunocastration
G. Zamaratskaia and V. Zlabek and G. Chen and A. Madej
Design and comparison of gene-pyramiding schemes in animals
F. P. Zhao and L. Jiang and H. J. Gao and X. D. Ding and Q. Zhang

Comparison of accuracy of intramuscular fat prediction in live pigs using five different ultrasound intensity levels
I. Bahelka and M. Oravcová and D. Peškoviová and J. Tomka and E. Hanusová and R. Lahuký and P. Demo

Perceptions of the importance of different welfare issues in livestock production
C. J. C. Phillips and J. Wojciechowska and J. Meng and N. Cross

Reproductive organ weights and semen quality of pubertal boars fed dietary fumonisin B1
F. A. Gbore

Effect of supplementation of the maternal diet with fish oil or linseed oil on fatty-acid composition and expression of 5- and 6-desaturase in tissues of female piglets
J. Missotten and S. De Smet and K. Raes and O. Doran
